

ALEKSANDAR JAKOVLJEVIĆ

Executive Director for Investments and Development Joint Stock Company Elektroprivreda Srbije

Aleksandar Jakovljević holds a master's degree from the Faculty of Mechanical Engineering in Belgrade, where he previously obtained the title of Bachelor of Mechanical Engineering.

He has been employed in Elektroprivreda Srbije since 1998, when he became part of the team of the Strategy and Investments Department. From 2007 to July 2024, as Director of the Strategy Department, he coordinated, inter alia, the preparation of strategy, medium- and long-term plans of the company's development, as well as the development of investment projects.

With strong analytical skills, focused on achieving results and goals, and more than 25 years of experience in the field of electric power engineering, he has successfully managed various projects and multifunctional teams throughout his career.

He has actively participated in the development of strategic documents of the Republic of Serbia in the field of energy. As a member of the delegation for bilateral screening, with abundant experience and knowledge, he has been significantly contributing to the process of European integration of the Republic of Serbia, in the field of energy, environmental protection and climate changes. He also actively participated in the work of the delegation of the Republic of Serbia within the Energy Community.

He has taken part in numerous professional trainings related to project management, preparation and implementation of investment projects as well as corporate management. He speaks English fluently.

Father of two daughters.
